

Pineapple Sour Cream Fruit Dip

Mix one small sour cream, one package unmade lemon or vanilla pudding (even coconut can be used for different taste) (just the powder); one small can of crushed pineapple drained. Mix all together and put in pie or bowl. Chill overnight. If in bowl not pie, put into a pretty container. E.g. welcoming pineapple!

Can be served with Pepperidge Farms cookie sticks or fresh fruit.

This also makes a very good, easy pie in a premade Graham cracker or shortbread crust. Also as you see makes a great dip in a cored pineapple
